

Changes Coming Soon to Hosterman School

You're Invited to Learn More

Community Meeting – All Welcome!

August 17, 2010 6:30 - 7:30 p.m.

Winnetka Learning Center

7940 – 55th Avenue North, New Hope

Intermediate District 287 purchased the Hosterman school building site from Robbinsdale Area Schools in June 2010 and will soon begin the first phase of a two-year construction project.

You are invited to hear more about the building plans that will result in a new site to open with 350 students in Fall 2012.

District 287 plans a new, well-maintained public property in the community. North Education Center (NEC) will replace the Hosterman building after a 15-month comprehensive facilities study showed it to be the most cost-effective solution to replace the aging facility. NEC will provide long-term stability for students, keep costs in line with current expenses and take full advantage of current economic conditions.

Intermediate District 287 serves 9,600 students in special education, gifted education, area learning centers and career & tech programs. Member districts include Bloomington, Brooklyn Center, Eden Prairie, Edina, Hopkins, Minnetonka, Orono, Osseo, Richfield, Robbinsdale, St. Louis Park, Wayzata and Westonka.

For more information, please visit www.district287.org and click on “North Education Center Update” or call 763-550-7100.

Intermediate District 287

RESPONSIVE. INNOVATIVE. SOLUTIONS.
